Shomvob Technologies Limited

Date: 6 August, 2026

To,
Managing Director
TERRAPRIME GROUP.

Subject: Proposal for SaaS Based Human Resource Information System for TERRAPRIME GROUP.

Dear Sir,

Shomvob Technologies Limited, a leading provider of cloud-based HR and Payroll solutions, is pleased to offer a SaaS Based Human Resource Information System (HRIS) solution. Since 2024, we've helped over 25+ organizations streamline HR operations with secure and scalable technology.

Solution Overview

Following our meeting on August 06, we are excited to propose a fully managed, cloud-based HRIS solution for TERRAPRIME GROUP. Our SaaS HRIS system is designed for seamless access from anywhere, minimizing IT infrastructure requirements while ensuring robust, secure, and real-time access to your HR and payroll data.

- Effortlessly manage leave, attendance, and employee information.

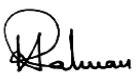

No Upfront Costs & Scalable Solution

As a SaaS offering, our HRIS solution is hosted on the cloud, meaning there are no upfront costs for hardware or infrastructure. You only pay for what you use, with predictable subscription fees. This model ensures scalability as your organization grows, with the flexibility to add or reduce features based on your evolving needs.

Ongoing Support & Updates

With Shomvob SaaS HRIS, you benefit from continuous system updates and feature enhancements, ensuring that your organization always has access to the latest tools and capabilities without additional effort or cost. Our dedicated support team is available to assist with any queries or issues, ensuring smooth operation of the system.

We are thrilled at the opportunity to partner with TERRAPRIME GROUP. and help optimize your HR operations with our cutting-edge technology. Please reach out for further details or any clarifications you may need.

Hasib Rahman
Chief Operating Officer
Shomvob Technologies Limited

PROPOSAL — SHOMVOB HR MANAGEMENT

Attendance, Leave & Device Integration

Prepared for: **Terraprime Hotels & Resorts Ltd.** Date: **06 August, 2026** Valid for: **30 days**

Shomvob HR gives your main office a complete attendance, leave, and check-in system — built around a floor that runs on sales calls and coordination across every property, not a fixed shift pattern. Employees clock in through a biometric device instead of a personal phone number, managers approve leave and attendance exceptions from wherever they are, and records flow straight into payroll instead of sitting in a register. This proposal covers what each module does, and a starter package sized for your main office team.

What your team gets

Attendance

- Working-hour patterns set per team
- Capacity planning for peak booking or sales season
- Forget-attendance & late-waiver requests
- Date-range & monthly reports, ready for payroll

Leave

- Configurable leave types & policies per department
- Holiday calendar and bonus leave configuration
- Approval center for managers, on web or mobile
- Leave history reports for every employee

Device Integration

- Biometric clock-in at the main office entrance
- Automatic sync into the Attendance module
- Identity by Employee ID, not phone number
- Tamper-resistant attendance record

Reports & Oversight

- Live attendance overview dashboard
- Department-wise records, always current
- Leave balances that update automatically
- Exports ready for payroll reconciliation

The mobile number field

Mobile number is still a required field — every employee login needs one, so it can't be left blank. Terraprime doesn't need to use anyone's personal number to fill it: HR assigns a structured placeholder instead, built from a fixed prefix plus the employee's own ID.

`012xxxxx` + **`Emp ID`** = `012xxxxx014`

HR assigns this once at onboarding and can update the mapping at any time — no personal contact number is ever entered. Data stays encrypted in transit and at rest, with role-based access for staff, managers, and admins.

Who this is for

Sales

- Outbound and inbound calls tracked against monthly targets

Operations

- Coordinating logistics and service delivery across properties

Reservations & Bookings

- High call volume during peak booking season

PROPOSED FINANCIAL

Commercial Terms & Conditions

Shomvob Technology Limited delivers high-quality results at highly competitive prices. As a special consideration for building a long-term business relationship with TERRAPRIME GROUP., Shomvob Technologies Limited proposes the following attractive commercial terms.

Category	Details
